Personal Pizza

Now that you know this metaphor for sex, let's explore your preferences! Draw and color your favorite type of pizza. What's your favorite style of pizza? Your favorite toppings? What are your pizza no-nos? Now mirror these preferences in relation to sex! Here are some examples:
Likes: Cheese = Kissing
Dislikes: Olives = Giving oral

Obviously, you might not be able to list all of your wants, desires, and boundaries, but hopefully you'll start feeling more comfortable about discussing them. For those of ya'll who don't like pizza or sex at all, feel free to draw out another food favorite or include non-sexual activities.
